

RECHARGEABLE LED LIGHTING

COLOR LIGHTING FOR POOL AND GARDEN

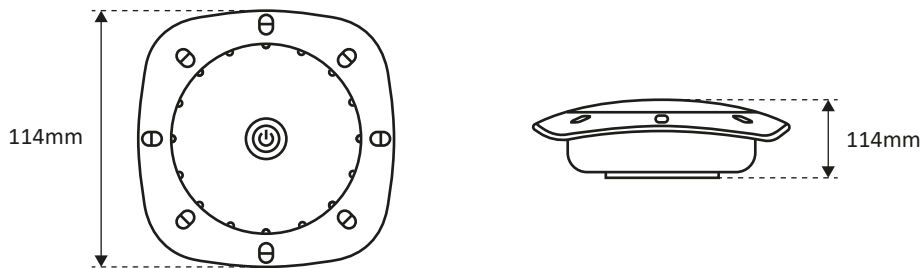

Model : 502112
Type : 18 LED 3528 / 120°
Color : 6R, 6G, 6B
Control : On/Off
Material : cup and optics in polycarbonate (PC)
Connection : 1m USB/DC3,5 charging cable
Mounting : magnetic base with metal plate
HS code : 8513100000
Bar code : 3700450502112

PACKAGING AND THE CONTENT

DIMENSIONS

PACKING

Part Number	Box	Weight	Size	Carton	Weight	Size	Master	Weight	Size
502112	1U	0,32kg	16x13,5x4cm	5U	1,6kg	21x14,5x16cm	20U	6,7kg	44x30,5x16,5cm

Import : pallet of 1440U, 9 layers of 8 master cartons, 80x120x163cm, 510kg

ELECTRICAL PARAMETERS

Beam angle : 120°
 Nominal luminous flux : 100 lumens max.
 Supply voltage : \approx 4,2V(DC)
 Lithium-ion battery 3000mAh - \approx 5V(DC) class 9, UN34841
 Battery charging voltage : \approx 4-5V(DC)
 Battery charging current : 0,65-1,5A
 Charging cycles : 300 to 400 minimum
 Battery autonomy : 4-5h on full charge
 Protection index : IP68 -1,0m
 Use or storage : -10 to +45°C

CONNECTION & CHARGING

Use only the charging cable supplied (USB - DC3,5)
 If connected to the mains, use only a compatible charger.
 Be sure to close the screwed cover tightly before using the device underwater.

CERTIFICATION

EMC 2014/30/EU Directive.
 EN61347-1 / EN61347-2-11 Norm in all its modifications.
